Dear Sir

Re: Inspection of Accommodation Establishment and Food Premises

An inspection on the above premises was conducted by a representative of the Environmental Health Division from Makana Municipality on the 19th June 2020 with accordance with statutory notice of the National Environmental Health; Norms and Standards under (Act 61 of 2003).

The following were inspected:

1. Structural facilities and accommodation requirements
2. Toilet and ablution facilities
3. General hygiene requirements
4. Food preparation and dining areas

All areas complies with the set standards of the regulation.

General Considerations for management of Covid-19 in the establishment

1. Assessment questionnaire at the entrance level of the establishment with sanitizers as well as thermometers for temperature are in place.
2. Informative posters in all rooms; passages ways; public toilets as well as sanitizers are in place.
3. All rooms were inspected and deep cleaned by an approved service provider
4. All linen is handled appropriately and make use of marked labelled bags and sent to an established laundry facility which also have system in place for the prevention of the spread of COVID-19.
5. Social distancing measures are taken into consideration; in the conference rooms as well as in the dining areas about 1.5 meters apart.
6. Buffets and drink machines only to be handled by personnel and changing of tongs when necessary will be done frequently and disinfect surface after each use.

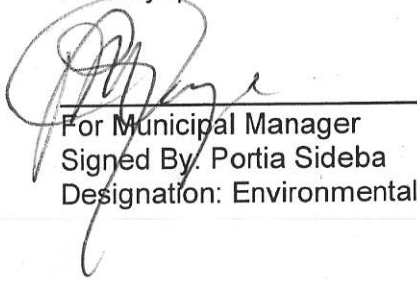

Makana Municipality shall strive to ensure sustainable, affordable, equitable and quality services in a just, friendly, secure and healthy environment, which promotes social and economic growth for all.

...a great place to be

7. Training; awareness and information distribution was done by management to their hotel staff members.

It was a pleasure conducting inspection at your premises. It does adheres to the prevention, control and management of covid-19 in the accommodation sector.
